

Giving Policy

Version 2 | July 2023

Generasi Gemilang (GG) gratefully accepts monetary or in-kind contributions if it is wholly consistent, in fact and appearance, with the activities, policies, mission, goals, and/or programmes of GG.

Only GG staff can accept donations.

GG reserves the right to refuse any contributions:

- with conditions tied to contributions that do not correspond to GG's values or business plan.
- from donors who intend to interfere with the current business plan, programmes, values, or activities of GG.
- from donors who operate in ways or advocate policies or values that are inconsistent with GG's mission, goals, and values. Specifically, GG will not accept donations from companies in the tobacco, alcohol, and gambling industries or any companies operating businesses which are illegal.

However, if an employee of a tobacco, alcohol, or gambling company, due to personal circumstances, wishes to support and donate to GG from personal efforts, this is acceptable. Not accepting their donations based on who they work for would be discriminatory.

- that negatively affect the integrity, or the appearance of the integrity, of the activities, policies, mission, goals, and or programmes or GG.
- if the donor acknowledgement requested is deemed not acceptable to GG. We will be pleased to provide recognition to donors in a mutually agreeable format.

Refund of donations

All donations are non-refundable, so we encourage donors to check the donation details before authorising it.
